

This product will oxidize contaminants such as ammonia, perspiration, and suntan lotion. It will remove chloramines which cause "chlorine odor" and enhance the sanitizing effectiveness of chlorine by acting to reduce the formation of new chloramines. This product will also increase the clarity of the water and reduce eye burn.

DIRECTIONS FOR USE: Apply 2 ounces of this product (3 tablespoons) per 500 gallons of water weekly or more often if bathing load is heavy. Sprinkle the product over the spa water surface while the pump is circulating. Allow the product to fully circulate in the spa water before using the spa. **NOTE:** This product is intended for shock treating spa water only. It is not a disinfectant. Necessary levels of sanitizing agent must be maintained along with the use of this product.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals:
DANGER: Corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing after use.

DANGER: PHYSICAL AND CHEMICAL HAZARDS: STRONG OXIDIZING AGENT: Mix only with water using clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use or contamination with moisture, organic matter or other chemicals, may cause a violent reaction leading to or liberation of hazardous gases. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood with large amounts of water.

FIRST AID: IF EYE CONTACT: Immediately flush eyes with plenty of water for 15 minutes. Get immediate medical attention. **IF SWALLOWED:** DO NOT INDUCE VOMITING. Drink plenty of water. Call a physician immediately. **IF ON SKIN:** Brush off excessive chemical and wash with soap and water. If irritation persists, get medical attention. **IF INHALED:** Move to fresh air.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Keep product dry in a tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood with large amounts of water to dissolve all materials before discarding. Do not reuse empty container. Wrap empty container and put in trash collection.

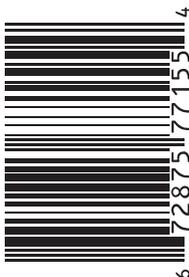

renew for spas

- Oxidizes organic contaminants
- Removes odor
- Increases water clarity
- Reduces eye burn
